March 24, 2020

The “COVID 19 Virus” Pandemic is affecting all of us, Sanilac County Parks are no exception. Our Staff continues to work hard to get our Parks and Campgrounds ready for the 2020 Season. We are hopeful that with the “Stay Home, Stay Safe” Executive Order issued by our Governor that the progress of the COVID-19 virus is slowed, and stopped sooner rather than later. In the meantime, all Offices, playground equipment and restrooms will remain closed at Sanilac County Parks. We are working towards our opening date of May 1, however, we are monitoring daily the mich.gov/coronavirus website for updates on potential closures. We realize that people will be getting “Spring/Cabin Fever” and will want to get out and get some fresh air. While we know folks will want to get out and check out “Their” Parks, and you’re free to do so, we encourage you to get out and walk around at the same time discouraging you from interacting with Park Staff. The Park Offices are not open. If you need to contact the Parks go to “sanilacountyparks.com” for contact information. Together, we will get through this!

Stay Healthy!

Roger Ballard-Chairman
Sanilac County Parks
